

Religious Emphasis Week Brings to Campus Four Important Speakers

College President Welcomes Students

Dr. Jones Discusses High Ideals as Fundamental Design for Living.

Baptist Minister Speaks

Ministers of Maryville Churches Participate in Welcoming Students to Community.

Dr. Jones, president of the College, explained his "Design for College Living" in the inaugurating assembly last Wednesday, September 14.

He divided his welcoming speech into three phases: the first concerned "scholastic achievement," the second, "gracious living," and the third was devoted to "ethical ideals."

Stresses Over-all Picture
Stressing the importance of college life in the over-all picture, the President said, in speaking primarily to the freshmen, who were in the majority, "What you really came to school for is represented on commencement day when you get your degree from this institution. I hope you attain your goal."

More than just the development of scholarship and athletics is to be the College's aim. It is also to strengthen the character of the individual person; it is to educate one to high scholastic achievement, to a form of gracious living and ethical ideals, and to develop the spirit of humor, recreation, and music so that "when you get a college degree, you will be known as a college educated person."

Future Brings Responsibility
Expressing the influence of scholastic achievement, the President said that the future is in the hands of the brains—people who think and work with thoughts. It is a "grave responsibility."

"The conduct of ladies and gentlemen is all we ask of college people and a thing of which I am quite proud is that as a general rule, the young men and women who attend this College are ladies and gentlemen," said the president in elaborating on his second ideal.

Standards Will Help
Reaching the third point of his talk, he declared that this College affliates with the Church in helping the students to grow in these ethical standards of life and living.

Putting forth the ideals of the spirit of music, humor, recreation, and student meetings, the President maintained that "Some day you will receive a note that says your class is going to have a reunion, and you will come back to talk over the things that happened at this college when you were here, and you will live again those days that you are now living as college students." A recollection of the better things of college life depends upon the students' present design of college living.

"Enjoy yourselves," he added, "you will find faculty members are aware that good times contribute to the lives of young people. They will extend to you every opportunity they can to make your life here, happy." "This is your college. I commend it to you for what you want to make it."

Sam Carpenter Presides
Sam Carpenter, student body president, presided over the assembly. He announced that a free ticket will be given to the student suggesting the best slogan to be used during the homecoming.

Carpenter introduced the Rev. G. Howard Linton, pastor of the First Baptist Church, who made an address to the group welcoming the students to the churches of Maryville and asking them to come to church. The Rev. Linton introduced the following ministers: Rev. Arthur Raeside, First Presbyterian church; Rev. D. Franklin Kohl, First Christian church; Rev. Richard Garlick, St. Paul's Episcopal church; and Rev. Otis Sayes, Church of the Nazarene.

In his address the Rev. Linton made the following points: (1) the churches of Maryville hope to make it possible for the students at the college to do "what their parents want them to do and that is to be close to the church." (2) the churches hope to have the privilege of bringing to the students something that is like what they left at home, and (3) the churches hope to have the privilege of enriching the students work at the college so that they will be well rounded individuals.

Alumni Receive Degrees
Albert Anthony Hamilton and Wilbur Howard Tracy, both of whom have received B. S. degrees in Education from this College, have received their Master of Science degrees in Education from the University of Southern California.

Committee Plans Social Program for the Year

These are the people who plan what we do on the campus and when we may do it. Left to right are Monty Pittner, Marge McGee, Eddie Reece, Herman Hausheer, chairman, Wilhelm Edie, Helen Fisher, and Bob Guthland.

Miss Jessie Jutten Likes Switzerland

Member of Faculty Visits European Countries During Summer.

Miss Jessie Jutten, of the physical education department took a two-months' trip to Europe this summer, sailing on the Queen Elizabeth, June 30, and arriving at Cherbourg, July 5. She first went to the Eiffel Tower, Arch of Triumph, Twilleries Gardens, Tomb of Napoleon, Louvre and other places of interest. After doing some shopping and seeing the Folies Bergere, she spent a day in Versailles and Malmalson.

Switzerland was next, Lucerne and Interlocken. She took a motor trip through the Alps and saw the Rhone Glacier. Miss Jutten maintains that Switzerland is her favorite spot.

From Switzerland she went to Luxembourg, where she planned to visit the grave of General Patton, but because 3000 of the 8000 American soldiers buried there were being returned to the United States, the cemetery was closed to the public.

She spent some time in [The Hague, Holland. She visited the Peace Palace, Amsterdam, Rotterdam, Voldam and the Isle of Marken.

Children Ride Too!
Denmark was the next country. One of the things that impressed her most was the thousands of bicycles. Everyone rides bicycles in Denmark children ride in baskets on the front and back of the bicycles. In Copenhagen she attended the first International Congress of Physical Education for Girls and Women. Approximately 250 women from 25 different countries attended. Miss Jutten found especially interesting the representatives from Iceland, India, Israel, South Africa and Australia.

After the Congress she went to Stockholm to attend the Lingiad, a sort of festival dedicated to Ling, the father of Swedish gymnastics. It is similar to the Olympics in that representatives from many different countries come to demonstrate their accomplishments in gymnastics. It is unlike the Olympics in that a skillful demonstration in mass gymnastics and apparatus work, not competition, is the aim. The women from Finland and the men from Norway were especially outstanding. Two other interesting demonstrations were mass gymnastics performed by 5000 housewives and apparatus work and gymnastics done by men over 50 years of age. Both the latter groups were from Sweden.

Miss Jutten Visits Bolinders
While in Sweden she visited at the home of Barbo Bolinder's family in Sandviken. Barbo is now in her second year here at the College.

While in Norway, Miss Jutten took a four day trip by steamer through the fjords, the most scenic phase of the whole trip.

England Comes Next
She then went across the North Sea to England, visiting first the lake country in northern England, then Ayr, Scotland, home of Robert Burns, and Edinburgh. Later she went down to London where she saw the Tower of London, Westminster Abbey, Buckingham Palace (where she watched the changing of the guard), Icken's Ole Curiosity Shop, had lunch at the Cheshire Cheese or Ben Johnson fame, and Piccadilly Circus which is comparable to New York's 42nd and Broadway. She saw three plays in London—"Traveller's Joy," "Song of Norway," and Paul Muni in "Death of a Salesman." One day was spent on an all-day trip to Stratford-on-Avon, Shakespeare's home.

In London and also in Paris she visited with friends with whom she had served in the Marine Corps.

College Has New Name

The name of the College was changed, July 21, to "Northwest Missouri State College." The word "Teachers" was removed from the title of the college by action of the board of regents who met at St. Joseph. Announcement of the decision was made by President J. W. Jones.

The proposition to change the name had been suggested to the board of regents in recent years after the legislature had made this action possible.

Other state colleges at Cape Girardeau, Springfield and Warrensburg have dropped the word "Teachers" on action of their boards of regents.

Present at the meeting on July 21 were Regents R. L. Douglas and J. V. Gaddy of St. Joseph, Joe Roberts of Gallatin, A. B. Kammerer of Chillicothe, M. E. Ford of Maryville, and Alan F. Wheritt of Liberty. Mr. Ford is chairman of the board.

Dr. Surrey Plans Assembly Programs
The assembly programs for this fall quarter, as planned and scheduled by Dr. Sterling Surrey, assembly committee chairman, promise to be both educational and entertaining.

As Dr. Surrey has previously stated, he is attempting to develop programs which will be "culturally entertaining."

On Friday, October 14, the College will hear Angus MacDonald, Premier of Nova Scotia. On Friday, November 4, Madame Rajan Nehru will report on "What is Happening in India."

Other prominent lecturers will be the psychologist and author, Dr. Harry Overstreet, and Mr. Donald Grant whose topic will have to do with Russia.

Pointing more towards entertainment will be the program of Louis Crowder, noted pianist. Of equal interest will be the entertainment of the music department faculty on September 21 and the music department students on October 19.

Other important activities are Religious Emphasis Week and the two day session of the District Teachers meeting.

Price Leaves College; Becomes State Librarian

At the end of the spring term, Mr. Paxton Price, librarian of the College, was elected state librarian. He moved to Jefferson City the first of August to make his home.

Mr. Price came to the College in July of 1947. He introduced several new features at the College library, considered one of the finest library buildings in the Midwest.

Among these were the School Librarian Institute, which was attended by educators in 19 Missouri counties, the establishment of three courses in library work in the College, the establishment of a framed picture loan service, a display panel in the hallway used to display graphic arts, and a browsing room.

Mr. Cooper Is Renamed State Department Head

Bert Cooper of Maryville has been reappointed by Governor Forrest Smith to head the state department of business and administration. Mr. Cooper, a democrat, is on leave from the faculty of the College.

The department includes a number of unrelated state agencies, such as the public service commission, division of geological survey and water resources, division of resources and development, personnel advisory board which operates the merit system, and others.

Mr. Valk Announces Opening of New Shop

Industrial Arts Students Will Study Model to Be Used in High Schools.

Mr. D. N. Valk, chairman of the industrial arts department, has announced the opening of a new general shop, a model of the type recommended for secondary schools of this district. It has been set up to give industrial arts students an opportunity to study the operation of a high school general shop.

"General metal" is the official title of the course being taught in the new shop. Thirty students are enrolled. The course will be a requirement for all students who major or minor in industrial arts. Time spent in the class, which meets two hours a day, will be divided between discussion periods and shop work.

Classroom work will consist of discussions concerning the operation of a general shop. Special emphasis will be placed on the problems involved in organizing and setting up a high school general shop.

Shop work will include foundry, sheet metal, forging, bench metal, wood turning, wood working, concrete work and some electrical work.

Some new equipment has been purchased, including a bench saw, two jig saws, a wood lathe, and a jointer. A wood working bench and an electrical bench were built in the industrial arts shops. The general shop also has a sheet metal lathe, a metal shaper, and a complete foundry.

Mr. Ringold Is Making Satisfactory Recovery

Mr. Howard Ringold, of the industrial arts department, who was seriously injured in an automobile accident, in August, has been dismissed from the hospital in Council Bluffs, Iowa. He is now making a satisfactory recovery at the home of Lester Babb, 414 West Fifth.

Mr. Ringold suffered a severe jaw fracture and a concussion, August 18, in an accident in which Mrs. Ringold was badly cut and their daughter, Karen, was killed. The Ringold car collided with a locomotive near Truesdale, Iowa. The victims were taken to a Storm Lake, Iowa, hospital. Later Mr. Ringold was taken to the Mercy Hospital at Council Bluffs where specialists reduced the fracture.

The Ringolds had been vacationing with the John Smay and Myron Rose families and were enroute home when the accident occurred.

Missouri Writers Meet on Campus

College Entertains Press Women During Annual Business Meeting.

New Officers Are Elected

Mrs. M. E. Ford Acts as General Chairman of Arrangements; Miss Dykes Is Still in Hospital.

The College had as its guests last week end the members of the Missouri Women's Press Club who came to Maryville for their annual fall business meeting and program. They were entertained at Residence Hall during their first meeting in Northwest Missouri.

Editors, publishers, reporters, free lance writers, authors of books and magazine articles began the session with a 1 o'clock luncheon, Saturday, followed by a program entitled, "MWPC Members Are Versatile."

Mr. Merrill Chilcote Speaks
At 4 o'clock Dr. J. W. Jones, president of the College, and Mrs. Jones entertained with an informal tea at their home, and the music department of the College presented a concert at 5 o'clock in the College auditorium. Dinner was served at 6:30 p. m. Mr. Merrill Chilcote, managing editor of the St. Joseph News-Press, spoke on "Trends and Advances in Pictorial Journalism." Mrs. John E. Dowell of Adrian, club president, presided. President Jones extended the welcome.

After breakfast at 8:30 o'clock Sunday morning came the annual business meeting which was held in the colorful browsing room of the College library. Miss Sue Gentry, city editor of the Independence Examiner, was elected the new president of the organization. Mrs. George C. Butts of the Marcelline News, a former resident of Maryville, was elected vice-president; Mrs. Doris Thompson of the Post-Telegraph, Princeton, the new secretary; and Miss Ardis H. Hamilton, editor of the Kansas City Real-ty, the new treasurer.

Other Officers Are Chosen
Mrs. Hallie Barrow of Clarksdale is the district vice-president for the northwest district. Mrs. Meredith Gatten of Pierce City for the southwest, Miss Catherine Roer of Jefferson City for the central, Miss Nyla Rathjen of Clarence for the northeast, and Mrs. Jennie R. Field of Poplar Bluff for the southeast.

The morning's program, a discussion of the recent publications of the members, was concluded with a luncheon at 12:45 o'clock.

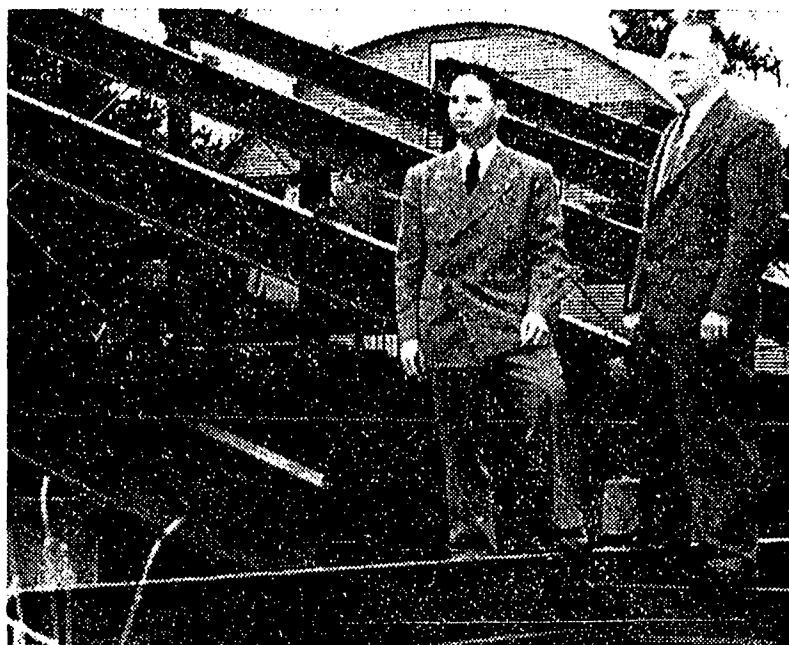

Writers Come From Many Places
Guest writers attending the Maryville meeting were as follows: Mrs. B. J. Bless, Weston; Mrs. W. L. Bridges, Kansas City; Mrs. Charles Schuttler, Farmington; Miss Bertha Mathis, Maysville; Mrs. Hallie Barrow, Clarksdale; Mrs. Freda Ingenthron, Forsyth; Miss Frances Grinstead, Lawrence, Kansas; Miss Maude Freeland, Columbia; Mrs. Angela Boylen, a visitor, Fort Leavenworth; Miss Sue (Continued on Page Two)

Dr. Uel W. Lamkin's Condition Is Improving

The condition of Dr. Uel W. Lamkin, president emeritus of the College, who has been ill since April is gradually improving. After about two months in the St. Francis Hospital, he was able to return to his home at 3 Elm Square.

Dr. Lamkin was planning to make a trip of inspection to the United States Military Academy at West Point at the time he became ill. He had been appointed to the board of visitors by President Truman.

New Stadium Gets Early Check

President J. W. Jones and Business Manager H. V. Neece give a critical look at the framework of the new \$30,000 stadium. The crossing steel beams were placed to hold a pre-fabricated metal floor. Although workmen were delayed by rain, the steel structure was completed in less than a week.

Student Senate Makes Class Election Plans

The Student Senate has announced the meeting of sophomore, junior and senior classes during the second full week of the fall quarter for the purpose of electing class officers. Positions to be filled are those of president, vice-president, secretary and treasurer. Freshmen will elect class officers the second week of the winter quarter.

Elections of new senators will take place during the second week of the winter quarter. All classes will elect one senator for three terms with the exception of the senior class which will elect its senator for one term. Polling will be held in the Bearcat lounge.

Officers of the senate for 1949-50 are Sam Carpenter, president; Ruth Holbrook, vice president; Peggy Ford, secretary; Andy Runge, treasurer; and Bob Guthland, parliamentarian. Sponsors are Mr. Robert Gee and Mr. John Taylor.

Meetings, held at 7:30 in the Bearcat lounge every Thursday evening, are open to any member of the Student Association.

Members of Faculty Are Presenting Assembly

The assembly today will be focused on the faculty members of Northwest Missouri State's musical department. They will present a program in which each member will participate.

Dr. Paul McNutt, new faculty member and chairman of the music department, will sing as his first number, "Blue Are Her Eyes," by Watts. Two other selections will be "Out of My Soul's Great Sadness" by Franz and "If God Left Only You" by Denmore.

Mr. John L. Smay, clarinet soloist, will play "Sonata for Clarinet and Piano" by Saint Saens; "Hymn to the Sun" by Rimski-Korsakov; and "Scherzo in C Minor" by Koepke.

Miss Ruth Miller and Mr. Donald Sonnedecker will perform together in presenting a piano duo as the opening number of the recital. Included will be "Sheep May Safely Graze" by Bach and Brahms' "Liebeslieder."

Miss Miller and Mr. Sonnedecker will also play the concluding number of the program, "Scaramouche" by Milhand.

Other coming musical events will be a chamber music recital, October 4, and a student recital, October 19.

Miss Rachael Taul Studies Democracies

Horace Mann Instructor Talks With Political Leaders in Europe.

On June 30, Miss Rachael Taul, social science instructor at Horace Mann, sailed from New York on the Queen Elizabeth with a group of 22 students and teachers from all parts of the United States to study the political systems of 8 European democracies.

They were sponsored by the Bureau of University Travel of Newton, Massachusetts, and had as their leader an intelligent and distinguished young man, Dr. Stephen K. Bailey of Middletown Connecticut.

While on ship board they held discussion groups in which they became familiar with the things they were to look for while in Europe. Bernard Baruch was a speaker at one of the meetings.

The group went first to England, then to Norway, Sweden, Denmark, Holland, Belgium, Switzerland, Germany and France. In each country they were interested in the following:

1. The political situation in that country and the present government. They talked with the leaders of the party in power and learned what they were trying to do. They also talked with the leaders out of power to try and determine as best they could what their major criticisms were.
2. The part that the Marshall Plan aid was playing in European recovery. They examined the files of the Marshall Plan Mission to learn where American dollars were actually going.
3. The attitude these nations have toward their neighbor to the east.
4. Those cultural and social institutions which are so much a part of European history.

The group heard many speakers including the prime ministers, foreign ministers, Marshall Plan directors, ministers of education in all of the countries visited. They also heard the members of the committee of Economic and Social Council of United Nations and the director of the International Refugee Organization.

Miss Taul returned from Europe at the close of the summer, ready to renew her work in the social science department.

Two College Instructors Have Been in Hospital

Two instructors from the College have been admitted to the St. Francis Hospital in Maryville. Miss Katherine Franken was admitted to the hospital Sunday, September 4, and underwent on operation Wednesday, September 7. She is making a rapid recovery and hopes to be back on the campus in about a month.

Miss Grace Shepard, who was admitted to the hospital for observation and treatment, has been released but will return later for an operation.

Miss Ross and Miss Gorsuch Return
Misses Neva Ross and Anne Gorsuch have returned to teach in the Horace Mann laboratory school this fall. Miss Ross will teach Grade 5. Both have been on leave this past year to complete requirements for their masters' degrees at the Teachers' College, Columbia University.

Special Meetings Begin Next Sunday

Students Develop Program

Worship Services and Seminars, Conferences and Discussions Are on Week's Schedule.

by JACK PRICE

To render a real spiritual service to the College and to each individual student is the goal of those who plan the 1949 Religious Emphasis Week, which will be observed September 25 to 29. By student request the date has been moved up to the fall term in order that it may set the tone and serve as a stimulation for the entire year.

"Religious Emphasis Week gives those who participate in its activities a lift—a lift which must be renewed throughout the year," declared Mr. W. T. Garrett, director of publicity for the event.

Week Will Accentuate Value
One of the chief criticisms of Religious Emphasis Week in many colleges is that too often its goals die out after the one week.

By moving the date up to the beginning of the school year it is hoped by those in charge that this year's Religious Emphasis Week will serve to accentuate the value of religion in the educational as well as in the spiritual life of the student for the entire year.

Authorities Will Be Counselors
"One important value of Religious Emphasis Week is that it enables students to have contacts with authorities of different faiths," Mr. Garrett said. "It also serves to place the College squarely behind the religious phase of the lives of the students," he added.

Besides arranging a program, which will include worship services, seminars, organization discussions, and personal conferences, the committee will bring to the campus four special speakers, Dr. T. Z. Koo, Dr. Eugene E. Dawson, Dr. Marvin Sansbury, and Mr. P. K. Houdek. Dr. T. Z. Koo is in the United States after nearly three years in Japanese occupied China. He is a graduate of St. John's University in Shanghai. He also holds the following degrees: M. Litt. from the Chinese government, Ph. D. from Colgate University, honorary L. H. D. from Denver University, and an honorary Ph. D. from Kenyon College.

Dr. Koo Was Adviser to Chinese
Dr. Koo was a speaker at the Oxford, Madras, and Amsterdam conferences. He also served as adviser to the Chinese delegation at the San Francisco Conference. Dr. Koo is also a skilled flutist.

Dr. Eugene E. Dawson, former minister of the First Baptist Church of Linn Massachussetts, was awarded the Billings Prize in Preaching by Harvard University in 1944. He is a member of Psi Chi, honorary psychology fraternity; Alpha Phi Omega, national service fraternity; Phi Kappa Delta, honorary speech fraternity; and the Rotary Club. At the present time Dr. Dawson is counselor of men and director of religious activities at Kansas State Teachers' College, Pittsburg, Kansas.

Dr. Sansbury Is From Des Moines
Dr. Marvin Sansbury is at present pastor of the University Christian Church in Des Moines, Iowa. He has received his degree from the Columbia University, and D. D. degree from Spokane University.

A former chaplain in the army, Dr. Sansbury is a member of the City Planning and Zoning Commission of Des Moines, a Mason; a member of Phi Beta Kappa and Sigma Alpha Epsilon, and a member of the Board of Trustees of Drake University.

Mr. Houdek Is Former Teacher
Mr. P. K. Houdek, an active Presbyterian, is Executive Secretary of the Kansas City Social Hygiene Society. Mr. Houdek is a former (Continued on Page Two)

Hans Leyer, Foreign Student, Enters College

Do any of you students need assistance in the study of languages? With the arrival of the Holland-American liner S. S. Volendam on Sunday, September 11, in New York, and his subsequent enrollment here, Hans Leyer is the touted linguist in question. He speaks seven languages: French, German, English, Swedish, Spanish, Russian, and of course, Dutch. Hans is the son of Mr. and Mrs. H. J. Leyer of Humsted, Holland. He has attended H. B. S. at Haarlem, Holland, and has entered the State College as a freshman. His Major will be in economics with Spanish as a minor.

Committee Plans Religious Emphasis Program

Student committee chairmen for Religious Emphasis week are shown above. Standing left to right are Betty Lou Lawrence, class room appointments; Joanne Hofer, personal conference; Patricia Barton, worship; Ruth Richards, Student Christian Association; and Diana Yip, Newman Club. Seated left to right are Andy Runge, publicity; Doris Jean Hamilton, organization; Margaret Ford, hospitality; Armand Hofer, arrangements; and Leota Shipley, seminar. Not shown is Lois Walker, book display committee.

THE COLLEGE OATH

"We will never bring disgrace to this, our College, by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will respect and obey the College laws and do our best to instill a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us."

FACULTY ADVISER—Miss Violette Hunter

THAT FRIENDLY GENTLEMAN!

That friendly gentleman who was Dean of the Faculty for four years is gone. You know the man. The one who used to hail you anytime or anywhere and ask you how you were. Yep, that's the one I mean. That's Dr. M. C. Cunningham and he's gone away.

Students here and faculty and all those people of the Maryville community who were blessed with his acquaintance carry an empty feeling. Doc Cunningham was one who left his mark of congeniality with all of his acquaintances.

To many a new student at the College Dr. Cunningham has been a guiding hand, a beacon of light stretched out across the darkness of a freshman year. His willing advice and gift of his own free time to the use of those who would use it are only a few of the truly great qualities of a man never to be forgotten 'on the hill' at Northwest Missouri State.

Only last Spring the '49er edition of the College yearbook was dedicated to this man and his work. "Through his efforts problems of individual students became golden nuggets of experience in the stream of life." The truth of these words has struck home now that he has gone.

For Dr. M. C. Cunningham and his family, people of Maryville and the associates and students of his at the College have only wishes for the best of everything, always, in his new position as President of the Teachers College at Fort Hays, Kansas.—Bill Elam.

SUPPORT THE BEARCATS!

Head Coach Ryland Milner starts his thirteenth football season with a past record that proves he will again have a winning team for the College. His charges have won four championships, have been co-champions twice and have never finished below third place in the MIAA conference.

Assisting Coach Milner are Mr. E. A. 'Lefty' Davis, head of the athletic department, Mr. Dewey Allgood, Jr., and Mr. Lon Wilson who are experienced in helping form winning teams. Allgood is a new man. Wilson has coached many winning teams in this section of the state.

Twenty-nine letter men have returned this fall. Positions of three lost from graduation will be difficult to fill, but some new members of the squad are showing more promise and ability than any new men ever coached by Mr. Milner. With a good bus for games away from home and a new stadium ready for the first home game, the team has more to encourage them.

One thing more is needed for a championship, the complete backing of every college student and member of the college personnel. Do not miss a home game. Be there and let the team know you are proud of them; do your part in helping them form the best football team in Bearcat history.—Carl Deiter.

A WORD FOR FRESHMEN

Will your objectives bear scrutiny? You should have certain fundamental goals to attain during your stay here. Numerous notables have given us objectives of higher education, but here is one of the best given us by Thomas Jefferson: "to develop the reasoning faculties of our youth, enlarge their minds, cultivate their morals, and instill into them the precepts of virtue and order; and generally to form them to habits of reflection and correct action, rendering them examples of virtue to others, and of happiness within themselves."

The college is not a place merely for idleness and triviality. President Wilson said the college "is for the training of the men who are to rise above the ranks. This is a place where truth is to be sought regardless of whether it confirms or rebuts your previous ideas." "And the truth shall make you free"—more so, I believe, it is the pursuit of truth that shall make you free.

Every graduate now out in the world knows that recalling only "good times" is not sufficient preparation. He knows that he should have gone forth from college laden with a store of mental and spiritual wealth that should give authority and dignity to his later life.

What are you going to do?

—Wilbur Pollard

Twenty Years Ago

Forty-two men, aspirants for positions on the 1929 football team, are reporting in for training. Among them is Ryland Milner, Oklahoma City, quarterback.

Henry P. Iba, of Easton, a graduate of the College and a former student at Westminster, Fulton, will be basketball coach and assistant coach.

Among members of the College faculty, announced by President Uel W. Lampkin, are W. A. Rickenbrode, C. W. Wells, Neil Hudson, Hettie M. Anthony, Estella Bowman, Lucille Brumbaugh, A. J. Canfield, Geo. H. Colbert, T. H. Cook, A. H. Cooper, E. A. Davis, Olive De Luce.

Herbert Dieterich, H. J. Dildine, Blanche H. Dow, Mattie M. Dykes, Katherine Franken, Margaret Franken, Henry A. Foster, W. T. Garrett, J. W. Hake, Francis Holliday, Katherine Helwig, Carrie Hopkins, Minnie B. Janies.

Miss Chloe Millikan and Miss Lucy W. Clouser are the co-authors of a new book entitled "Kindergarten—Primary Activities Based on Community Life."

Dr. Dildine will speak at the M. E. Church, South, Sunday, both morning and evening.

The following are members of the newly organized faculty council: Messrs. A. H. Cooper, H. A. Foster, C. E. Wells, J. W. Hake, G. W. Colbert, R. S. Kinnaird, and Misses Eldora Winfrey, Mattie M. Dykes, and Blanche H. Dow.

The Placement Bureau has aided 144 college students in obtaining teaching positions.

Miss Shepherd has returned from three months' tour of European countries.

Houses will not be approved for College students if there is failure to provide sufficient hot water for the number of baths specified in the student regulations.

Miss Anthony has completed a five week survey of the housing conditions in the British Isles with a trip through Europe. The survey sponsored by Dr. B. R. Andrews, professor of economics, Columbia University, is the first of its kind ever conducted.

Ten Years Ago

Dr. J. W. Jones, Dean of the College faculty, has been appointed to a national committee making a study of the extension services for the American Association of Teachers Colleges.

Miss Mattie M. Dykes has been appointed state chairman of a committee on literature contests sponsored by the National Federation of Press Women.

President Uel W. Lampkin, secretary-general of the World Federation of Education Associations, Mrs. Lampkin, Mr. J. Norvel Saylor, and Mrs. Saylor have returned from Rio de Janeiro and other points in South America where they attended meetings of the Federation.

Members of Dr. Dildine's Humanities classes are doing special work in art, literature, and music in addition to the regular classroom activities.

Untied, undefeated since 1937, the Bearcats won their opening game last Friday night with Tahlequah, Oklahoma, 7 to 0.

J. NORVEL SAYLER

M. C. CUNNINGHAM

After 20 years of almost continuous association with the activities of the College, first as student and later as faculty member, Mr. J. Norvel Saylor, chairman of the mathematics department, resigned at the end of the spring term. Mr. Saylor, an honor student, had completed three years of graduate study plus European travel before he came to this faculty. Known for thoroughness in instruction, he served on committees promoting the improvement of instruction in the schools of the state. Mr. Saylor, now giving attention to his business interests in northwest Missouri and Iowa, also served on the executive board of the Alumni Association of the College for several years.

Dean M. C. Cunningham came to the faculty in 1941 as director of the Horace Mann laboratory school where he served until he was made dean of the College in 1945. During the summer Dean Cunningham accepted a position as president of the Fort Hays, Kansas, Teachers College at Hays and will be inaugurated September 30.

Forty-four Families Live in Village

Nestled behind the Administration Building in the quiet complacency of domesticity is a portion of the College campus which is little known by a great many students. It is officially titled "College Heights," although it is more commonly referred to as "Vets' Village."

It is nothing more than a continuous repetition of identical man-made structures on the outside, but on the inside of each is a family facing the same problems as any couple struggling to carry the added responsibilities of marriage.

At the present time College Heights houses forty-four wives, forty-four husbands, and twenty-three little Bearcats. To these people the buildings represent home and while Mother or Daddy is across the street getting an education, Junior plays with blocks and toys just like children anywhere.

Because it is their home, these inhabitants of College Heights take an active interest in its welfare. To them it is like any community and consequently must have rules and guidance. For this reason they elect a mayor and two aldermen.

At the present time Manley Vance is mayor and Louis Melkowski and Hubert Maharg are aldermen. This summer a beautification program was carried out in order that the citizens of College Heights could be proud of their home.

The following are their families are living in College Heights at present: George Adams, Apt. 11; Evert Arnold, Apt. 3; Paul Baker, Apt. 8; Robert Baldwin, Apt. 4-2; Homer O. Baxter, Apt. 10-4; Donald Blair, Apt. 5; Alfred Clark, Apt. 10-2; William Cummings, Apt. 10; John Daly, Apt. 8-2; Marvin Doran, Apt. 6-1; Ralph Duncan, Apt. 4-4.

Herman Freil, Apt. 6; Truman Geer, Apt. 12-2; Donald Grace, Apt. 10-1; William Grant, Apt. 2-3; Darrell Haer, Apt. 12-2; George Harris, Apt. 12-1; G. B. Hengeler, Apt. 12-3; Allan Henningsen, Apt. 2-4; Weldon Hogan, Apt. 18; Burman Hull, Apt. 6-4; Keith Hutchinson, Apt. 1; Wendell Jones, Apt. 10-3; Hubert Maharg, Apt. 20; Raymond Malotte, Apt. 17; Bobby McIntyre, Apt. 13; Louis Melkowski, Apt. 6-2.

Diggin' the Discs . . . by Johnny

Hiya, music lovers! Here's hopin' that this platter chatter will be some assistance to you friends of the waxing world.

You people who appreciate the stylings of Frank Sinatra will probably fall for his most recent release. His "Frankly Sentimental" compares favorably with such oldies as "Body and Soul," and the wonderful "Laura."

Still on the sweet side is the King Cole Trio. On top as usual, their new recording of "I Get Sentimental Over Nothing" is a fresh one that makes for autumnal pleasure. Another top vocal waxing is by Billy Eckstine, a comparative newcomer to the are lights.

"Caravan" brings out the utmost in Billy's deep, rich baritone.

Swing Time! Yes, along with the sweet we must have the hot, Re-releases are definitely coming up in the music world, with the Benny Goodman Sextette working out on "If I Had You" and "Limbohouse Blues." Ol' "Satchmo" Armstrong has put out a dilly in his rendition of "A Song Is Born" from the pic of the same name.

"Bop" you say? Yea, man! Count Basie has a smoothie in his orch's arrangement of "Slidin'." Not new "bop," but well worth a listen, are Charlie Ventura's waxings of "Body and Soul," "Birdland," "Lullaby In Rhythm," and "Whaaya Say We Go?" The baritone sax works on the first number is terrific, per usual.

This column will not slight the classics. In this category is a new album of Beethoven's "Eroica." It should be a major item in anyone's collection. Certainly the best of the recent recordings is an album made from European master recordings of the Amsterdam Orchestra, conducted by William Mengelberg.

Now that this thing called "Bop" has reared its head, let us hear some comment, pro and con, on the subject. Who knows? You may get your name in the paper.

Until next issue, then, see you down at the "Hop."

Fatal Accident Takes Karen Ringold's Life

Karen Ringold, age 6, daughter of Mr. and Mrs. Howard Ringold, was injured fatally when the Ringold car and a Milwaukee railway locomotive collided. Karen's father, who is an industrial arts instructor at the College, was seriously injured and his mother badly cut in the accident.

The accident occurred near Trussdale, Iowa, late in the afternoon of August 18, during a heavy rainstorm. The victims were taken to a Storm Lake hospital, where Karen died several hours later.

Karen Dorothy, the Ringolds' only daughter, was born May 3, 1943.

She attended nursery school and kindergarten at Horace Mann and would have been in the first grade this fall. She attended the Methodist church and Sunday school, where both her parents are active in church work.

Funeral services were held August 24, at 2 o'clock at the Methodist church, conducted by the Rev. J. W. Ward of Maryville. Burial was in the Hopkins cemetery.

Dr. Edwin Harris Colbert Is Subject of Post Article

The life work of Dr. Edwin Harris Colbert was described in a recent issue of Saturday Evening Post in a lengthy article, "The Man Who Hunts Old Bones," by John Kobler.

Dr. Colbert, curator of reptiles at the American Museum of Natural History and professor of paleontology at Columbia University in New York, is one of the nation's most distinguished scientists in the field of paleontology.

The story is of interest to the College because Dr. Colbert was formerly from Maryville and the son of Mr. and Mrs. G. H. Colbert, 223 East Seventh Street. As the guest lecturer at the College February lectures last year, Dr. Colbert spoke on "The Long Reign of the Dinosaurs."

Reception

Receptions are given in honor of distinguished visitors, the faculty, the student body, or other groups. There are traditional receptions such as the faculty reception for the Upperclassmen and Freshmen, and the President's reception for the Seniors each spring.

Guests are usually greeted at the door, taken to the head of the receiving line, and introduced to the hostess. If no one is near the door to perform that duty, the guest introduces himself to the first person in the line. If a man has brought a woman to the affair, he introduces himself and then his partner. The hostess makes introductions to the guest of honor, or to the next in line, who in turn makes introductions to the next, and so on. When the line is long, it may be necessary for the guest to repeat his name several times before reaching the end of the line.

One should avoid stopping at the end of the receiving line to converse with friends. To avoid conversation and confusion, move to other parts of the room. It is quite proper, however to speak briefly to those in the receiving line if no other guests immediately follow you. Since the crowd is usually large, you must take some initiative in introducing yourself to others and helping them feel at ease.

Much the same type of food or drink is served at a reception as at a tea. It is a social advantage to remember names and faces. At a reception you should be alert to make the acquaintance of new people and to remember names as you are introduced.

Correct Attire Is Suggested You remain at a reception at least half an hour. If the hostess is busy receiving other guests, it is unnecessary to speak to her on leaving. If the affair is not a large one and she is unoccupied, it is best to bid her goodbye and thank her.

An afternoon dress with a hat is correct attire for an afternoon reception. If the evening reception is formal, an evening dress (with or without a jacket) is worn; a hat is not worn unless it is a special hat for evening wear; if an evening reception is not formal, the dress is the same as for an afternoon reception.

President Jones Will Be Member Two Committees

Dr. J. W. Jones, president of the College, has accepted an appointment to a committee on "Youth and Government," a project concerning a legislative program supported by the Y. M. C. A. through its Hi-Y Movement.

The chairman of the program is Mr. Randall Foster of St. Louis.

President Jones is also scheduled as a consultant on a program of the Fourth National County and Rural Area Superintendents which will hold a meeting in Memphis, Tennessee, October 10-12, to discuss the question, "What constitutes an effective program of education of school personnel?"

The Stroller

Welcome to the campus, Freshmen! May your first year be a bearded and happy one! It is only fair for the Stroller to warn you that anything you say may be used against you. Look much and only think those things which you would not like to see in writing. There is only one exception . . . the Stroller is one person in whom you can confide your deepest secrets.

It gives me a warm college feeling to see those old green beanies back on the campus again. Yes sir, and you freshmen will know what I mean by that warm college feeling about the time "Walkout Day" rolls around.

Make a random inquiry and what do you get? Well, as one freshman put it, "Oh? I didn't know you were married. But I should have known that you couldn't look that happy and still be single!"

A small car battling a big trailer headed west the other day. The driver wasn't very big either, but I'll bet the combination will reach its destination. The driver was Jim Jennings. The campus will miss Jim, but he will be remembered as a man with a real purpose in life.

The campus is still radiating from the recent freshman counseling program, but not as much as one cute freshman girl who is still being counseled. Jerry, does she really need it or have you just cultivated a liking for your job?

I never pay much attention to stories, but there is a story concerning a certain Miss Rigney that must be a rosy one. The Stroller knows because when she was asked about it she turned red.

The persecuted exist in every part of the world, but the Stroller wonders whether in the case of a certain geography student things aren't going just a bit too far. Last quarter she had to get up at an unreasonable hour to reach class a reasonable number of times at 11:00. Now, Mr. Canfield has moved his class up to 9:00 . . . Just keep your pins up, Barbara, you won't always have to go to geography classes.

Anyone wanting to run away—say to some place with a foreign sounding name—can find a "Little Deutschland" right on the campus. Guides are furnished to explain all of the intricacies of foreign interior decorating. (One of the guides will meet you at the door of Quad 5 to conduct you.) . . . Guthland also serves as a guide in St. Louis.

You would think that Coach Milner had been an air force officer the way the boys scramble when he enters the Bookstore. Guess they just automatically start practicing plays. Hope they don't make a habit of fumbling a football the way they fumble those coke bottles.

Our first home football game is September 30. The Stroller is hoping there will be something besides steel girders to sit on!

Just one more word for you freshman girls at Residence Hall. The place really does belong to you. The boys are just trying to get acquainted—not move in.

May I cordially leave now, holding your troubles and mine?

Merrill Chilcote, News-Press Editor, Talks at College

The picture of Ruth Snyder in her death cell was a "shocker" twenty some years ago, getting circulated in every paper in the country, but tastes have so changed that a picture of the President catching a fly ball on the White House lawn would gain more interest today.

Thus, Merrill Chilcote, managing editor of the St. Joseph News-Press, discussed the trends and advances of pictorial journalism in his talk before members of the Missouri Women's Press Club at a dinner at Residence Hall Saturday night.

Must Illustrate Story "Pictorial" journalism has been developed only within our lifetime, and not until 1930 did we see the coming of wirephoto as an assured and practical thing. While the Civil War was recorded on pictures," he conceded, they were hand-drawn or carved woodcuts, and their accuracy was colored by the artists' viewpoints and prejudices.

Once any picture for its own sake was acceptable, but now the pictures used by newspapers and magazines must illustrate the story, preferably telling a part of it. This is particularly true of the photographs used by free lance writers to accompany their stories, Mr. Chilcote advised.

The most popular pictures today illustrate how the popular taste has changed, for now the public wants human interest, with children and animals running a close first.

Send the Negative The News-Press editor used pictures to illustrate his points, showing the photograph of a real pony sniffing the paper-mache head of a make-believe one, with children surrounding both, as a picture that "had everything" in the way of human interest.

"In taking pictures yourselves to accompany articles," Mr. Chilcote said, "avoid such clichés as hand shaking, proclamation signing, or the family reunion staring straight into the camera." Other obvious pictures are flower gardens and parades, not recommended as good sellers. In other words, strive for originality, take lots of pictures, and always send the negatives too, he advised.

Newspaper Photography In talking about newspaper photography, Mr. Chilcote pointed out that naturally local and territory pictures have first consideration, and then those of the highest news interest, like Saturday's Noronic tragedy.

Photo-engraving, which is the preparation of the print for newspaper use, is a costly project, too much so for the small papers he said because there has been little refinement or advancement in the process since 1890. It's such a slow process that the main improvement has been in having six men do in one half hour what one man did in six hours, he explained.

In discussing the training of photographers, Mr. Chilcote questioned the good of various photography contests held for newspapers where too often the entries and winners, while fine examples of salon art, are not applicable to newspaper needs.

A Science of Its Own Mr. Chilcote concluded by warning that photography was a science of its own, where not only knowledge of the dark room in properly developing your pictures was necessary, but the ability to recognize a story, and know what is worth photographing.

Mrs. John E. Dowell of Adrian, president of the club, presided at the dinner, introducing both Mr. Chilcote, and Dr. J. W. Jones, president of Northwest Missouri State College, who gave the welcome.

More Students Attend State College This Fall

President J. W. Jones announces that the enrollment of the College is the third highest it has been in recent years.

Enrollment in the college proper as of yesterday was 897, or an increase of 4 per cent over a year ago at this time. This increase was noted despite the 30 per cent decrease of GI enrollment. This does not take into account the 192 enrolled in the Horace Mann school, he added. With the nearly sixty faculty members and their wives this means that there are close to 1,100 persons on the College campus.

As the gymnasium is too small, plans are under way, Dr. Jones stated, to some time in the future enlarge the facilities. This may be accomplished, he said, through co-operation with the National Guard, which now is using half of the gym space for an armory.

Two other phases of Dr. Jones' speech dealt with what the Chamber of Commerce might do.

One is to enlarge the civic organization to become a Nodaway county organization. The other was in regard to the down town decorations during College homecoming. He proposed that the high school and College colors, which are green and white, be used in the store decorations, and he also added that the College will have a 60-piece uniformed marching band available by the time the football season starts.

Honor Press Club
Dr. and Mrs. J. W. Jones entertained with a tea from 4 to 5 o'clock Saturday afternoon at their home, 703 College avenue, honoring the Missouri Women's Press club.

Assisting Mrs. Jones were Miss Martha Locke, Miss Violet Hunt, Mrs. Harold Neece, Mrs. Virginia Hammon and Mrs. M. E. Ford, who presided at the tea table.

Sigma Sigma Sigma Girls Have Done It Again!

Officers of the Sigma Sigma sorority happily display their twice-won supremacy cup. Standing left to right are Ruth McDowell, vice-president; Helen Fisher, president; Margaret Berry, keeper of the grades; and Betty Davis, treasurer. Seated are Lois McDermott, recording secretary, and Jean George, corresponding secretary.

Board of Regents Names New Structure

Memorial Stadium Will Honor Men and Women Who Served in War.

Memorial Stadium will be the name of the new structure now going up on the west side of the football field at Northwest Missouri State College. The name was adopted Monday by the board of regents, meeting in St. Joseph, at the suggestion of Mr. J. W. Jones, president.

The regents also decided that a Student Union fee of \$1 be charged each student, beginning with the winter quarter. This will bring the tuition cost to \$25. The money will be used to provide recreation for the students during the evenings and weekends.

New Parking Area
The board approved the suggestion that a new parking area be created between the College power plant and the library buildings.

Those who attended the regents' meeting in Robidoux hotel, St. Joseph, were: M. E. Ford, chairman; Maryville; R. L. Douglas and Judge J. V. Gaddy, St. Joseph; A. H. Kammerer, Chillicothe; Alan Wherritt, Liberty; and Dr. J. W. Jones, president; Harold Neece, business manager, and W. A. Rickenbrode, secretary, Maryville.

Appointments Confirmed
The regents confirmed the following appointments to the faculty and administrative staff:

Miss Leona Funk, 704 North Walnut street, assistant librarian. Miss Funk formerly was librarian for Daviess county and has her B. S. degree in library science from Denver University.

Miss Mary E. Goodman, 942 West Third street, instructor in physical education for women for the fall quarter. She has her master's degree from Denton, Tex.

Stephen C. Kyrias, 403 West First street, supervisor of science at Horace Mann school. Mr. Kyrias formerly taught at State College, Pittsburg, Kas.

Miss Effie May Morrey, 418 West Third street, business department. Miss Morrey has a master's degree from the University of Missouri.

Mrs. Hobart Quinn, 832 South Main street, third grade teacher at Horace Mann. Mrs. Quinn, who formerly taught at Tarkio and Maryville, has a bachelor's degree from the local College.

Mrs. Harry Sheetz, 802 North Main street, temporary appointment to teach the English classes of Miss Mattie Dykes, who was injured in an automobile accident.

Miss Bernice Smith, formerly of Chillicothe, who has a temporary appointment to teach the industrial arts classes of Howard Ringold, who was injured in an auto accident.

Miss Shirley Crow, who lives at Residence hall, assistant dietitian in charge of the Quadrangle.

Miss Dorothy Powell of St. Joseph, who is an assistant in the music department.

Luther R. Belcher, Jr., 404 South Main street, a 1949 graduate of the College who is student activity and Veterans' clerk in the business of-

Sigmas Have Highest Scholastic Average

Helen Fisher Accepts Cup Representing Supremacy Earned by Sorority.

At the College assembly Wednesday, September fourteenth, the Sigma Sigma Sorority was awarded the Pan-Hellenic scholarship cup. This was the Sigma Sigma Sigma's second consecutive year for winning the cup.

Sam Carpenter, president of the Student Council, introduced the three presidents of the sororities. Miss Helen Fisher, president of Sigma Sigma Sigma, received the cup presented by Misses Polly Cramer, Alpha Sigma Alpha, and Ruth Holbrook, Delta Sigma Epsilon.

The Pan-Hellenic scholarship cup was established in the spring of 1948 by the three sororities on the campus, which make up the Pan-Hellenic Association. The winner of the cup is determined in the following manner: the grades of both active and pledges are totaled, excluding summer quarter grades, and taking into the grades from the academic courses. Each sorority at the end of the spring quarter, turns in to the Dean's office a list of members and pledges with the number and designated quarters attended at this College during the past year. These lists of the three quarters' grades are then totaled, and the total is divided by the number of members for each of the three quarters.

A sorority must win the cup three consecutive times to gain permanent possession.

Students Organized Dance Team
A dance team has been organized which will present variations of dances throughout the year. Members of the team are Betty Hudson, Alyce Whitlatch, Betty Grace, Bedonna White, Carolea Pritchard, Mary Scott, Barbo Bolinder, Angela Wohlfahrt, Andy Runge, Monty Pitner, Zea Grissinger, Ray Nixon, Bill Elam, John Pope, Bob Lister, Don Grace, and Charles Newton.

Mrs. F. J. Rybeck and son, Ronnie, and daughter, Pamela, returned Sunday from Columbus, Ohio, where they spent the summer with her parents, Mr. and Mrs. W. F. Stewart.

Mrs. Ford and Miss Dykes Are in Serious Accident
During their vacation at Manitou, Colorado, Mrs. M. E. Ford, wife of the president of the Board of Regents, and Miss Mattie Dykes, of the English department, were injured in an automobile accident.

On August 18, they were riding in a car driven by Mrs. Ford's brother-in-law, Mr. Kellard Major of Milwaukee. The driver of another auto hit a rear wheel of the Major car at a Manitou intersection. Mrs. Ford suffered four broken ribs and Miss Dykes suffered a broken shoulder. Mr. Ford and other passengers in the car had slight injuries.

Miss Dykes and Mrs. Ford were taken to a Manitou hospital. Mrs. Ford has been released and is now home, 330 Grand Avenue, Maryville, but Miss Dykes will have to remain in the hospital a few more weeks.

Lt. Paul Smith Accepts Assignment in Alabama
First Lieutenant Paul E. Smith, son of Van V. Smith of Route 1, Colony, Missouri, has accepted a new assignment as Finance Officer for the 3840th Air University Wing at Craig Air Base, Alabama, headquarters for the USAF Special Staff School of the Air University.

Lieutenant Smith, who spent a total of five years in the Ground Forces before being relieved from duty in 1945, was a student at the College.

FACULTY VACATIONS

Naturally, vacations are interesting, usually, only to the individuals on the vacation. However, the faculty of this College always have some experiences interesting to all.

During August, D. J. Blackwell of the business department went with his family to the Arkansas Ozarks and Hot Springs. He also spent a week visiting in Colorado, especially the Rocky Mountain area, and a few other states before he moved to Maryville, September 1.

Garrets Go To Colorado
W. T. Garrett of the biology department, with his family, drove about 3000 miles to and around the state of Colorado, visiting relatives and friends. Mr. Garrett says, "We did some honest to goodness camping." Hiking, fishing, visiting and enjoying a real vacation with his family and friends, he evidently had fun and visited many interesting places.

Effie Mae Morrey spent the summer visiting her parents, Mr. and Mrs. John Morrey, at Hurdland. W. A. Rickenbrode declares that he spent the summer at home and took no vacation.

Mary Evelyn Goodman attended summer school for twelve weeks at Texas State College for Women, Denton, Texas, working toward her M. A. degree.

Miss Brumbaugh Attends Meeting
Miss Lucille Brumbaugh visited one weekend with Miss Gladys Criswell at Mound City and one week at Fort Collins, attending a regional conference of the American Library Association.

James Johnson, with his wife and children, visited friends and relatives in Kansas and Arkansas, returning early to get settled in their new house.

Mrs. Graham Goes West
D. L. Blake spent three weeks with his cousin in Canton.

Mrs. Avis L. Graham, after a year's leave of absence, working toward her M. A. degree, is happy to be back at the College. She took a vacation trip to the west coast. She also visited Yellowstone Park, the Black Hills and Saskatchewan, Canada. She declares she traveled 8000 miles with "nary even" a flat tire. Her son and her parents accompanied her on the trip.

Myrtle Heaston of Horace Mann vacationed at Lake Taneycomo, then spent the month of August in the East as guest of Mrs. Herschel Stark of Mt. Ranier. Mrs. Stark is the former Miss Gail Powell who once attended college here. While in the east Miss Heaston visited the larger cities and spent two days sight seeing in Washington, D. C.

Longs Take Boat Trip
The Myrl D. Longs took a trip through Missouri and Illinois. They visited the spots made famous by Mark Twain and Abraham Lincoln. They toured the interesting spots of the central Ozarks on the way home. They returned to Maryville, August 22.

Dr. and Mrs. Dreps left Kansas City by plane, August 7, headed for Mexico City. After spending some time in Mexico City and surrounding cities, they left for Guatemala City, San Salvador, Honduras, Merida in Yucatan and back to New Orleans. They returned to Maryville, September 2.

Miss Markland Takes Air Cruise
Miss Helen Markland spent the first part of her August vacation near Lake Michigan in Evanston, Illinois. Later in the month she took an air cruise to Havana, Cuba.

Mr. Kenneth F. Thompson attended summer school at Colorado A & M, Fort Collins, Colorado. Later he vacationed in Colorado, returning home, Saturday, September 3.

Mrs. Garrett Visits in East
Mrs. Hubert Garrett, assistant Librarian, visited relatives in Pennsylvania, Delaware and Illinois. She reports she had some interesting side trips, including the Railroad Fair in Chicago.

Dr. June Cozine spent six weeks of her vacation teaching at the University of Minnesota, spending the week ends around the lake areas. She also spent a week in New Mexico conference leader for vocational home economics teachers of the state.

Dr. Mueller Has Western Trip
Dr. Irene Mueller took a trip to Sacramento, California; Portland, Oregon; and Seattle, Washington. She visited several scenic places including Calaveras State Park in the Sierras, the Redwood highway and an old mining town called Angel's Camp, made famous by Bert Hart and Mark Twain.

Dorothy C. Hall spent a few days in Kentucky and Louisiana with her family. She was also in Chicago a short time where she visited the Field Museum and Art Institute.

Laffertys Go To New York
W. A. Lafferty outlined his summer as follows: (1) spent three weeks preparing to move from Gallesburg, Illinois, to Maryville; (2) motored to New York, spending three days there; (3) moved.

A one-week trip through central and northern Iowa, Minnesota, and North Dakota and on up into Canada Composed Dr. and Mrs. J. Gordon Strong's vacation. They visited many interesting cities and friends. They had a wonderful time.

Student Committee Plans Coming Year

H. Hausheer Is Chairman; Campus Will Be Scene of Many Events.

When can we have a dance? What can we do tonight? These are a few of the questions the Student Social Committee is attempting to solve for the student body this year.

Under the able leadership of Herman Hausheer, plans are being made for a full schedule of social events for the coming year. A few of the events planned are the "after game" dances, Sadie Hawkins week and the annual Christmas Ball.

A fine turnout was achieved at the two pre-registration freshman parties and at the "all school mixer" dance held registration night. Monty Pitner, a committee member from Essex, Iowa, was master of ceremonies at the freshman picnic. The high spot of the evening was Monty's reading of his poem, "She Held Her Head Tucked Beneath Her Arm."

Other members of the committee who have been appointed by the Student Senate are Helen Fisher, St. Joseph; Bob Guthland, St. Louis; Wilhemina Edle, St. Louis; and Marge McGee, Ottumwa, Iowa. Two freshmen will be appointed by the Student Senate to the committee within twenty days following the opening of the winter quarter.

Sigma Phi Dolphin Club Is Planning Schedule

The Sigma Phi Dolphin Club was organized in the fall quarter of 1948. Its purpose is to promote swimming on the campus and to present a water pageant annually. Each spring the club presents a demonstration of different strokes in the Senior Day program.

In early spring the Dolphins plan to present a water pageant in the college pool and in the late spring at the Y.W.C.A. in St. Joseph, also at the Hall of Waters in Excelsior Springs.

The members consist of Miss Jessie Jutten, sponsor; Marjorie McGee, president; Norine Norris, vice president; Mary Booth, secretary; Mary Joe Vernon, treasurer; Mary Lou Rockwell, reporter and historian; Sarabel Davis, stunt captain; Shirley Dieterich, mascot; Margaret Berry, Roberta Berry, Jean George, Marilyn Judd, Mary Lou Neville, Mary Francis Robnett, and Jean Short.

New Stadium Construction Has Seating Capacity for 2250 Spectators

Plans for Stadium Began Last Winter

Workmen Finish Building Within Three Weeks Starting Time.

Pre-Fabricated Floor Used

Box Seats, Enclosed Rest Rooms, Concession Stands Are Added Grandstand Attractions.

The old wooden bleachers have been torn down and hauled away. In their stead is a steel structure capable of seating 2250 spectators. The \$30,000 rejuvenating work was done by the Pittsburgh-Des Moines Steel Company of Des Moines, Iowa, and by the R. E. Wyman Construction Company of Maryville.

Maryville State College has needed a new stadium for a long time. In fact, it was a little too long as far as the rickety wooden bleachers were concerned. But it takes time to make requests and receive permissions. As early as 1941, plans had been made to construct such a stadium, but were forgotten after the Pearl Harbor disaster.

President Renewal Plans Plans were renewed last winter when President J. W. Jones directed Mr. Harold Neece, business manager, to begin an investigation of the cost of various types of stadiums. By March the prices of the selected construction companies were definite, and in May the construction of the stadium was authorized by the Board of Regents.

The bids of each construction company were taken; the executive board, headed by the president, Mr. M. E. Ford, and the vice president, Mr. R. L. Douglas, made its selection and the contracts were signed. The R. E. Wyman Construction Company was to lay the cement footings; the Pittsburgh-Des Moines Steel Company was to construct the steel work.

Stadium Will Have Box Seats The stadium is located on the west side of the field, and extends from one twenty-yard line to the other, making it 180 feet long. In the fore part of the grandstand are twenty-two box seats, each eight square feet.

Steel girders, extending upward from forty concrete piers, support ten rows of criss-crossing steel beams. These beams support an entire pre-fabricated metal floor onto which are bolted rectangular planks. The top of the stadium at the rear is nineteen feet above the ground.

R. T. Wright Exhibits Stamps at State Fair

An exhibit by R. T. Wright, agriculture department head, took third place in a specialized collection of stamps at the Missouri state fair. His exhibit of seven frames of "Agriculture on Stamps" was considered one of the three outstanding in the philatelic show held at Sedalia.

The grand award certificate and plaque of the 1949 philatelic show went to C. Turney Nearing of Decatur, Illinois, for his eight frame display of "Music on Stamps."

Random Shots . . .

Coach Ryland Milner will coach his thirteenth squad of Bearcats this year. Predictions are for a lucky thirteenth. Aiding Mr. Milner will be Lon Wilson and Dewey Allgood, Jr., a coach from the Dakotas. Both of these men will assist in making the Bearcat front wall a concrete structure.

A look at the football schedule shows that Maryville will be playing two November games. There is an M. I. A. ruling that states November football cannot be played at night because of the cold evenings so these games will both be in the afternoon at 2:00 p. m. The Bearcats, at that, won't be traveling south—Kirkville, November 4, and Warrensburg, here, November 11. The athletic department stocked up on a few new uniforms again this year. They must have been sent some new helmets and shoes in the wrong sizes. Coach Milner has been asking a few of the boys if they were wearing a size three helmet and a size fourteen shoe.

Morris "Snowflake" Wilson seems to have been first in line.

Marion Freeman, ace extra point counter for the Bearcats, will be leaving Coach Milner's squad to practice another talent—that of teaching. Last year his toe made the difference between victory and defeat four times, and he was prominent in helping the Bearcats to a co-championship. Max "Wabash" Cannon Ball" Hochenauer and Don Hoffman are likely candidates to replace Marion.

Best hopes for a speedy recovery were from Ron Van Ryswyk. Ron's arm was broken in an intra-squad game and he was hospitalized for a few days in St. Francis hospital. Punters may be scarce this year. Most promising is Al Wormsley, but John Yurchak, Bob Hemenway, and Pat Zuchowski are practicing. Meanwhile, Clyde "Steno" Thompson, the laughing boy, shows promise of being useful to the Bearcat team, although he has been hampered by an injured ankle.

Physical Education Staff Takes a 'Breather'

Shown above are the members of the physical education department for the year 1949-1950. From left to right: E. A. Davis, head of the athletic department; Ryland Milner, head football coach; Dewey Allgood, Jr., assistant coach and intramural director; Lon Wilson, assistant coach.

College Swimming Pool Is Open to Students

Coming up first on the intra-mural and co-recreational sports calendar are the swimming meet, water carnival, and relays. At this time no definite information can be given to what these events will be, but by the next edition of the paper, qualifications and other important information should be definite.

Yesterday, the co-recreational swimming started; that means fellows can take their girls swimming on Tuesdays and Thursdays in the evenings, starting at 7:00 and running until 10:00, and also on Saturday afternoons. This is a chance for the experts to practice for the meet that is coming up in November and for those who aren't so good to get around much better.

People who just like to paddle around for a while are welcome, and there are many things to be accomplished by just paddling around. There are plenty of opportunities for making new friends in the aquatic circles. For those who don't like to swim so well there are seats where they can watch the fun and frolic and then later enjoy the water.

Bearcats Play Emporia Friday, September 23

The Bearcats will face the grid-dens from the College of Emporia on Friday, September 23, in making their second trip of the current football season.

According to Mr. E. A. "Lefty" Davis, director of the physical education department, the clash will be the first meeting on the gridiron between Maryville and the Kansas representatives. The Bearcats have in the past played the Emporia State Teachers team, not the College of Emporia.

Nothing is available concerning strength of the Emporia lineup, but undoubtedly an interesting inter-sectional contest will be in store for the players.

Bearcats Trim Hawk Wings in 27-13 Win

Coach Milner's Team Runs Wild in First Period Score Four Times.

Maryville's Bearcats blew hot and cold Friday night in their opening grid game to defeat the Hawks of Rockhurst College 27 to 13 on the Kansas City field.

Maryville lost no time in scoring. The Bearcats kicked off and John Hellerich of St. Joseph, a guard, recovered a Rockhurst fumble on the Catholic 23 line. Weed smashed for 3 after a pass failed. Pat Zuchowski tossed to John Zurchak of Kansas City, Kas., to the 5 line. Norman James of Albany slicked off 3 and Weed went the remaining distance for the first score. Donald Hoffman of Waukegan, Ill., place kicking for his first time in intercollegiate athletics, split the cross bars with his place kick.

The Northwest State battering rams, Weed, James and Zuchowski, punctured the Hawk line until another touchdown was manufactured. Weed went 3, James slashed 4, and Weed crashed 13 more to the Hawk 7. Zuchowski took two tries, making 5 on the first and going over on the second smash. Hoffman's place kick was slightly wide.

The Bearcats played alert ball to score two more touchdowns after having the Hawks with their backs on the goal line. On one occasion Maryville lost the ball on downs on the Rockhurst 9. After Rockhurst punted to Maryville's 47 and the Cats were penalized 5, Weed tore down to the Rockhurst 17 line.

Receivers Blocked Punt. Quarterback Burton Richey of Corning, Ia., passed to Norman James, who fumbled and Rockhurst recovered on the 18 line. Younger broke through to dump Rockhurst on its 10. Weed then recovered a blocked punt for a touchdown and Hoffman converted.

The next Maryville touchdown came suddenly. Maryville kicked off to the Rockhurst 34. With Gene Hart, Rockhurst quarterback attempting to pass, Alvin Wormsley, guard converted from Halfback, deflected the ball out in the open where Al Henningsen, end from Atlantic, Ia., gathered it in, and romped over the goal line. Again Hoffman converted.

Rockhurst Puts on Drive Rockhurst started off the third period with a bang as Bob Aylward romped 17 and Bob Williams scampered 28 yards to the Maryville 25. But the Hawks were penalized 15 for clipping Warren Gresham, Maryville halfback. Gaylor Meyers, guard, intercepted a Hawk pass and slipped to the ground on his 32. Zuchowski scampered downfield 38 yards but Maryville was called back for clipping. Zuchowski then passed to Richey for 14. Weed broke for 6 and Maryville punted.

Fortunes changed fast as Joe Mallon fell on a Maryville fumble. Bobbie Williams, attempting to punt on fourth down, was thrown for a loss on his 48. Maryville's punch petered out and Rockhurst took over on its 39.

The fourth quarter opened with Rockhurst punting out on Maryville's 34. Pat O'Brien recovered Richey's fumble on Maryville's 39.

Rockhurst punted out on Maryville's 20. On a fake punt on fourth down, Weed was smeared on his own 30. Rockhurst's offense sparked as John Stapler scooted 19 yards. Maryville was penalized 5. A pass failed. Then Jack Rheem scored and converted.

Intercepted Pass Costly After Rockhurst kicked off to Maryville's 35, Aylward intercepted a Bearcat pass and ran to the Maryville 10. Rheem made 3. Williams skirted his left end for the TD. Rheem's placement was wide.

Maryville was knocking in Rockhurst territory after the kickoff as James returned from his 5 to 34. Weed hit for 14; Stanton made 8. Weed went to the Rockhurst 40 and added 14 more. James poked through for 7 and Hoffman made it a first down on the Rockhurst 15 but a

penalty halted the Bearcat attack and Jim Eskew recovered a Maryville fumble just before the game ended.

The Lineups The starting lineups: Maryville, Zurchak and G. Weed, ends; Hartness and Gardner, tackles; Meyers and Hellerich, guards; Pollard, center; Graham, quarterback; Zuchowski and James, halfbacks, and Weed, fullback. Rockhurst, O'Neill and Fitzgerald, ends; Bullard and Eskew, tackles; Rodarte and Holton, guards; Dick Aylward, center; Hart, quarterback; Byard and Stapler, halfback; Brown, fullback.

Maryville substitutions: Hoffman, Gresham, Richey, Sherry, Hemenway, Carter, Barrett, Lyle, Stanton, and Thompson, backfield; Hochenauer, Wormsley, Henggeiler, Lemmon, guards; Jones, George Coulter, Henningsen, Younger, Kinman, ends; Hogue and Brandt, tackles.

Bill Elam Is President

Bill Elam has been re-elected president of the Dramatics Club. Monty Pitner is vice president and Bob Lister, secretary. "Joan" of Lorraine is to be the first play presented this year and tryouts will be held a few weeks before Homecoming.

To Broadcast About College

A broadcast about Northwest Missouri State College will be given at 12:45 p. m. Wednesday over KFEQ. It will be given by Miss Hallie Barrow of Clarksville, the northwest district vice-president of the Missouri Women's Press club.

E. A. Davis Heads College Athletics

Dewey Allgood, Lon Wilson Supplement Physical Education Staff.

At the beginning of football season, the College grid squad is practicing under the direction of four veteran coaches. These men are E. A. Davis, Ryland Milner, Lon E. Wilson, and Dewey Allgood, Jr.

E. A. "Lefty" Davis is in his twenty-second year at the College. He is head of the physical education department for men and director of athletics. "Lefty" has missed only one home athletic event in more than twenty-one years. Under his supervision, an efficient athletic program for the future teachers is secured.

Head grid pilot, Ryland Milner, is coaching the backfield and has two assistants working with him. He is beginning his thirteenth year coaching the Bearcats. Mr. Milner was a star athlete at the College under Hank Iba.

Lon E. Wilson and Dewey Allgood, Jr., are aiding Coach Milner in shaping a Bearcat forward wall. Mr. Wilson who was a regular on the pigskin team while in College, coached high school football after graduation. Coaching the Bearcats will be an additional duty for Mr. Wilson, who is dean of men and superintendent of the grounds at the College.

A new member of the College athletic staff is Dewey Allgood, Jr., who directs the intramural program. He received his M. A. degree from Colorado State, Greeley, Colorado. He has coached in schools in North and South Dakota. Mr. Allgood graduated from North Dakota State Teachers College, Valley City, North Dakota, with a physical education major. He lettered in football and basketball.

Class Meeting Changed

Everett Brown, director of extension, Northwest State College, today announced a change in time of the meeting of extension classes at the College Saturday. The time has been changed from 10 a. m. to 2 p. m.

Students Entertain

Several students went to Pickering, Tuesday evening, where they presented musical numbers for the beauty queen contest. The contest was held in connection with the Pickering Horse Show. Those entertaining were Dick and Kathleen Huff, and Justine Graham. Monty Pitner was contracted for the Friday night performance.

Bearcats Will Engage Northwestern State in Opening Home Contest

Captains Marvin Weed, Norman James, Don Hartness, Will Lead Team on Lighted Field, Friday Night.

One week from this Friday, on September 30, the Maryville Bearcats will face Northwestern State of Louisiana in the first of four home games. Coach Ryland Milner is going to expect much from his boys; and his high expectations are based on a rather potential roster.

And as for Northwestern, they'll be plenty tough. Coach H. Lee Prather isn't a recruit at the football game; his teams have shown it. Last year his squad went undefeated until matched with a much larger school. They lost, 10-7. Coach Prather has produced some prominent players, the most notable was Red Cagie, who made All-American while playing with the Army eleven.

This will be the first time Maryville ever played Louisiana's Northwestern, and next year the Bearcat squad will make the one thousand mile trip to the chalked field of Louisiana.

Captains Marvin Weed, Norman James, and Don Hartness will lead the 1949 Bearcats into action. They will be representative of a promising team, most of whom are carryovers from last year's squad that shared the championship crown with Springfield.

Line Man in Top Condition

Coaches Lon Wilson and Dewey Allgood have shaped the Bearcat front wall into excellent condition.

Two lettermen, Wilbur Pollard and Don Hoffman, qualify as top-notch centers with George Haws, a sophomore, showing promise. At the guard spot are five lettermen: Max Hochenauer, Bud Lemon, John Hellerich, Whitey Meyers, and Al Wormsley, who has been converted from the quarter-back position. Joe Gardner, Don Hartness, Bob Osborne, and Gus Henggeiler are the best as tackles; all of them are lettermen.

On the ends of the line will be John Yurchak, a remarkably improved ball player who should see his limit of action; George Coulter, a freshman from Panama; Ken Jones and Al Henningson, two lettermen from Atlantic, Iowa; and Gerald Weed, an improving freshman.

Powerful, Speedy Backfield

Coach Milner's backfield will have plenty of talent. Heading the list will be Marvin Weed at the fullback spot. Weed distinguished himself last year at the Bearcats. Homecoming battle by carrying the ball 113 yards against the Kirkville Bulldogs. A second candidate for the fullback position will be Clyde Thompson, who has shown some elusive running. Another strong contender will be Chuck Graham, a transfer from Iowa State Teachers.

Engineering the squad will be Burt Richey, a veteran varsity man. It was Burt who swung the score in favor of Maryville last year by completing passes through the Springfield secondary defense. His passes may be very important in obtaining many victories this season. Bob Hemenway, a freshman from Kansas City, and Herbie Lyle, a transfer from Missouri University.

Sportsmen Organize 'Quarterback' Club

Ted Baldwin, Homer Ogden Will Head New Board as Co-chairmen.

The Quarterback club, an organization to promote athletics at Northwest Missouri State College, was reorganized last night at a meeting of about sixty interested men at the Legion Home.

Homer Ogden and Ted Baldwin, both former students, were elected co-chairmen, after a board of directors of five was elected from a list of nine nominees.

Other members of the board, who will have charge of finances and appoint the necessary sub-committees, are Forrest Gilling, Ran Hogue and Ray Weightman.

Baldwin is co-owner of the B and W Sporting Goods Co. and a well-known sports official in Iowa and Missouri; Gilling, a graduate of the University of Missouri, has been interested in local college sports many years; Ogden is a dairy farmer and former Bearcat athlete. Holt is operator of the Maryville Shoe store, and Weightman is attorney and judge of the four judicial circuit. Other nominees of the board were C. G. Vogt, Pat Gebert, Bill Todd, Glenn Marr, Jay Gray, and George Kirchhofer. A close vote was recorded on all candidates.

The board appointed Richard Bowman, manager of the local office of the Veterans' Administration, secretary-treasurer.

Dual purpose of the club, as explained last night, is to bring about closer relationship between the College and townspeople and further the College athletic program.

Membership fees in the organization were fixed at a minimum of a year.

The co-chairmen were selected by the board of directors.

Hall Council Entertains

Monday, September 12, the Residence Hall Council acted as hostesses at an all dorm party, Miss Martha Locke, dean of women; Miss Katherine McKee, night chaperone; Mrs. Nell Thompson, house mother; and Shariis Marple, president of Residence Hall Council, discussed the rules of life in Residence Hall.
